Failures

AssertionError: Status code is 400

Description
expected 500 to equal 400

Location
assertion:0 in test-script

Request
Create user with small letter Timezone Copy
Iteration
1

AssertionError: Message Validation

Description
expected undefined to deeply equal 'Failed to create user, as \'TimeZone\…'

Location
assertion:1 in test-script

Request
Create user with small letter Timezone Copy
Iteration
1

AssertionError: Message Validation

Description
expected 'Cannot deserialize value of type `lon…' to deeply equal 'Phone number must be integer only'

Location
assertion:1 in test-script

Request
Create user with special char phonenum Copy
Iteration
1

AssertionError: Message Validation

Description

expected 'Cannot deserialize value of type `lon…' to deeply equal 'Phone number must be integer only'

Location
assertion:1 in test-script

Request
Create user with alpabetic phonenum Copy
Iteration
1

AssertionError: Status code is 400

Description
expected 201 to equal 400

Location
assertion:0 in test-script

Request
Create user with phonenum digits > 10 Copy
Iteration
1

AssertionError: Message Validation

Description
expected undefined to deeply equal 'Phone number should be 10 digit'

Location
assertion:1 in test-script

Request
Create user with phonenum digits > 10 Copy
Iteration
1

AssertionError: Status code is 400

Description
expected 201 to equal 400

Location
assertion:0 in test-script

Request
Create user with phonenum digits < 10 Copy
Iteration
1

AssertionError: Message Validation

Description
expected undefined to deeply equal 'Phone number should be 10 digit'

Location
